

In the Northern Health region events of all sizes require a COVID-19 Safety Plan. All event organizers, hosts, staff, and volunteers must be familiar with this plan and it should be posted/made available for reference during the event. As per the Northern Health Order, approval of your plan is not required. It is Northern Health's expectation that the event organizer plans an event that is safe and prevents transmission of communicable diseases including COVID-19. Plans may be submitted to Northern Health by email to php@northernhealth.ca.

Please refer to Gathering and Events COVID-19 Order for Northern Health Authority for the definition of an "event".

<p>Describe how event participants will be informed of the above (i.e. include in advertisements, signage posted, etc.)</p>
Empty space for description

Section 3 – Reducing overcrowding and congregation

Measures must be taken to reduce the amount and duration of close contact between participants. This includes, but is not limited to, measures to avoid overcrowding and congregation at entrances and exits, in areas where lines form (i.e. washrooms, ticket sales, food and drink vendors, etc.), other areas where congregation is likely inside or outside the venue (i.e. designated smoking areas, etc.).

Describe the control measures that will be used to prevent overcrowding congregation between participants (i.e. physical barriers, signs, directional indicators, etc.)

Section 4 – Physical Distancing

Event venue must allow for at least 2 metres of physical distance between participants at all times. Participants must be guided/assisted to maintain 2 metres of physical distancing throughout the duration of the event if they are not seated.

Describe the control measures and tools that will be used to maintain physical distancing (i.e. physical barriers, signs, directional indicators, etc.)

Section 5 – Masks (face coverings)

Some events require participants wear masks. Please refer to current orders to determine if masks are required at your event.

Describe how masking requirements will be addressed and enforced if applicable

Section 6 – Sanitation

An adequate number of handwashing stations and/or hand sanitizer stations must be provided.

Common touch surfaces must be frequently cleaned and disinfected with products approved for use against COVID-19.

Describe the available handwashing facilities and/or hand sanitizer stations at the event location (you may want to label these on a map or site plan on a separate page)

Describe the cleaning and sanitation plan including products used, surfaces to be cleaned, and frequency of cleaning

Section 7 – Communication & Enforcement

Describe any signage or public messaging related to COVID-19 prevention measures that will be posted at the event or in event advertisements

Describe how the event will be monitored for compliance with this plan and the expectations of staff/volunteers to address noncompliance
